## DR. JAMES MARTIN - SHORT BIO

---

**The Sunday Times described James Martin as Britain’s leading futurist. He has written more textbooks than any other living person – 104. He was nominated for a Pulitzer Prize for his book *The Wired Society*. His book *The Meaning of the 21<sup>st</sup> Century* has been made into a major film.**

**Martin founded the 21<sup>st</sup> Century School at the University of Oxford, which now has 15 Institutes. He is a Senior Fellow of the James Martin Center for (nuclear) Non-Proliferation Studies at Monterey, California.**

**Martin ranked 4<sup>th</sup> in Computer World’s 25<sup>th</sup> Anniversary Edition’s listing the most influential people in computing. He has honorary doctorates from all six continents and is a Fellow of Britain’s Royal Institution.**
