

General Regulations on the Program of the Training of Chinese Language

【Training Background】

With the enhancing of the comprehensive strength of China, Chinese learning is now of a great demand that it has been considered as one of the most attractive languages in the 21st century . According to incomplete statistics, there are already more than 2300 universities in about 100 countries which offer Chinese courses, and more than 30 million foreigners are studying Chinese in various ways. There will be 100 million people learning Chinese by the year of 2010. Especially, the 2008 Olympic Games is promoting the needs.

【Training Characteristics】

To meet the requirements of learners, School of Continuing Education, Tsinghua University, provides various kinds of training of Chinese language. There are plenty of ways to learn. The students can attend the training courses at SCE, Tsinghua University (face to face learning), and take the face to face of distance learning as well. Apart from the language learning, the learners can also learn in a way of traveling and learning, such as coming to China for sightseeing and spend some time to come to Tsinghua University to attend Chinese language classes..

We can make the arrangement for the courses and timing to meet the learners' requirement. Arrangement can be made for programs lasting from one week to a year, and course content can range from business, tourism, food, health, culture and customs - whatever interests the learners might have.

【Object of Training】
